Standard Features

AD SYSTEMS INSETSLIDE™ STANDARD FEATURES:

Our customers asked for a product solution that is inset into the wall opening and we listened. We adapted some of the best features of our typical barn door design and added an integral sidelite that allows the system to fit between the walls:

- Space saving design with a top hung rollers for smooth maintenance free operation
- Soft close dampening system
- Easy to clean aluminum frame system wraps and protects wall construction
- Integral sidelite that can feature almost any glazing or infill panel up to 1" thick
- Acoustical perimeter seals standard; optional drop seal
- UL 1784 smoke-rated options

Options

HARDWARE OPTIONS:

- ADA thumb turn lock with occupancy indicator
- Key locks
- ADA self-latching mortise
